**FOR IMMEDIATE
RELEASE**

Pharos Offshore Group Appoints Jake Tompkins as Board Advisor

Bringing over 25 years of subsea strategic experience, Jake Tompkins is positioned to enhance the strategic direction and accelerate growth at Pharos Offshore Group.

Port of Blyth, Northumberland UK, Nov. 13, 2024: In a strategic agreement with [Propulsion, Pharos Offshore Group](#)—a leading provider of seabed intervention services and solutions—is pleased to announce the appointment of [Jake Tompkins](#) as Board Advisor, effective immediately. Jake brings to the role a wealth of experience and a proven track record of leadership in the subsea industry.

Jake joins Pharos with over 25 years' experience in the subsea industry, following a career with trenching and cable lay contractor CTC Marine Projects. Jake then founded and lead subsea and seabed intervention specialist Modus (now Manta Systems). As Managing Director of Propulsion, Jake now supports start-ups and SMEs across the blue economy.

With Jake's extensive knowledge of the subsea and trenching sectors, Pharos Offshore Group are confident that his guidance will greatly enhance their strategic direction and growth. Jake's proven track record in innovation, leadership, and business transformation will be invaluable as Pharos Offshore Group navigates new challenges and opportunities in the subsea sector.

Jake's commitment to supporting SMEs aligns perfectly with Pharos Offshore Group's mission to drive sustainable growth and provide operational excellence. His insights will not only help strengthen their market position but also reinforce their dedication to supporting the broader subsea industry.

About Pharos Offshore Group: Pharos Offshore Group is a provider of [subsea equipment](#), personnel and services to the global offshore energy sectors focusing on seabed intervention, observation and inspections for critical subsea infrastructure. From humble beginnings going back 20 years, Pharos employs over 30 members of staff split across onshore and offshore operations, operate globally in locations including Europe, East Asia, Middle East & Americas, and possess an ever-growing asset fleet to aid project fulfilment.
